SKILLS

Strong proficiency in Web Design, Optimization, and Development while using the latest applications from Adobe CS4 Suite, ActionScript, JQuery and online video/audio production.

Solid understanding of W3C and SEO standards for over 10 years in the field of Web Design and Programming. Well-balanced skills in HTML, Javascript, ActionScript and CSS. Excellent oral and written communication skills. Outstanding organizational and time management skills. Able to work under tight deadlines and fast-paced environments. Enjoys being a team player with a good attitude.

EXECUTIVE SUMMARY

Knowledge of current graphic technology-design software to produce graphic art and visual materials for informative and instructional material through a variety of media outlets such as websites, videos and presentations. Generates and manipulates graphic images, animations, sound, text, audio and video into consolidated and seamless multimedia programs.

From wireframe layouts to enhanced mock illustrations – details of size and arrangement for illustrative material and copy plus selection of typography are considered for aesthetic design concepts.

Majored in the field of Computer Science involving C++, Java and HTML programming.

Awards / Honorable Mention: 2002 CSUN Dean's List, 3.5 GPA

RECOMMENDATIONS

"Rarely can you find someone that not only has an eye for design but also the business need behind the design. Her creativity, listening skills and willingness to challenge my thinking force me to raise my game every time we work together."

Rene Rodriguez, Faculty Member of LoanToolbox

"Jean is a creative genius! We worked together for many years, and I could always count on her coming up with solid designs that perfectly fit the requirements--a balance of quality, originality, budget (time and \$\$\$), and usability. She is a pleasure to have on the team, and she will never stop until the job is done."

Tony Pinto, VP of Product Development, LoanToolbox

"Jean is enthusiastic, creative, and hardworking. She is a wonderful collaborator who works with you to achieve the outcome you are seeking. She is very good about introducing ideas and suggestions which result in an even better end product. Jean is also a very positive person and would be a wonderful addition to any team."

Sarah Berger, Web Content Manager, LoanToolbox
